I fully understand your requirements now, and I am confident that I can help you build a high-end website similar to the references you've provided, with your branding and tailored sections. The product configurator will be a great addition in the future. For the website, I'll be using Next, is and React, is to ensure smooth performance and scalability. I can complete the static website with the necessary layout, animations, and custom features in about 15 days. My proposed fee for this is \$700 USD. ~ Additionally, I offer 30 days of free support once the website is complete, and I am flexible with both the cost and timeline to accommodate your needs. Looking forward to working with you! Best regards, Saiful R robbertJesss Jul 18, 7:56 PM This is for no. 1 and 2? Jul 18, 7:58 PM Me Yes, This is for 1,2. Do you have a budget in mind? You can share with me. I'm super flexible with that. I'm looking forward to hearing from you valuable response. R robbertjesss Jul 18, 8:18 PM Jul 18, 8:19 PM ~ Can I send the offer right away? R robbertJesss Jul 18, 8:21 PM Yes! Should i work on a taxonomie R robbertJesss Jul 18, 8:22 PM So all is clear or whats your process? Jul 18 8:27 PM Yes, I have cleared everything from my side. Once the offer is accepted, I'll begin working on it right away. After a day or two, I'll set up a meeting to clarify any remaining questions. Looking forward to getting started. Jul 18, 8:40 PM Me Here's your custom offer I will do website development, develop custom website as full stack web developer \$700 Hello Robbert, Read more v Your offer includes O 15 Days Delivery Offer withdrawn Jul 18, 8:40 PM Please accept the offer, so that I can start the work. Jul 18, 9:58 PM R robbertJesss Apologies, you need to help me with one thing R robbertJesss Jul 18, 9:58 Pt V Before we close this deal Jul 18, 9:59 PM Im used to WordPress for my other vonpanie with hostinger as Hastings website. Im not to familiare with react and next Jul 18, 10:17 PM Hello Bobbert I'll also create it in WordPress. Can I resend the offer for WordPress? Jul 18, 10:23 PM Here's your custom offer I will do website development, develop custom website as full stack web developer \$700 ~ Thank you so much for sharing your requirements. As per our discussion, I'll build your website using WordPress. The website will include: - A static showcase website with your tailored layout and branding. - A product configurator for custom doors, including options for dimensions, type of wood, finishing, rails, door handles, etc. The total cost for this project will be \$700 USD, and the expected timeline for completion is 15 days.

Additionally, I'll provide 30 days of free support after the website is completed.

Looking forward to getting started.

Best regards,
